Project Story: Eastfield Park, located in the heart of Wellingborough, underwent a remarkable transformation following the installation of a state-of-the-art play area by Proludic in 2021. This project was part of 11 sites that Proludic had delivered on time and in budget between 2020 and 2022 as part of an ongoing partnership with North Northamptonshire Council. Building on a legacy of successful collaborations with the council, Proludic was chosen due to this track record of successful which utilised robust, durable and visually striking play equipment for its range.

Proludic's design team collaborated closely with the Council to bring their vision to life in an all-encompassing design. The new play area seamlessly blended innovative play elements with durable construction materials that also fitted with the park's environment.

> Proludic have been professional throughout the process on all projects keeping the council informed of all the timescales, issues and developments along the way

Rajvinder Gill
Project Coordinator
North Northamptonshire Council

From new swing sets and climbing structures (**J2533**) to dynamic spinners (**J2406** & **J2411**) and engaging multiplay units (**J3851**), making the play area was a haven for children of all abilities. The play area had been designed using durable equipment underpinned by long guarantees to endure years of energetic play, ensuring a lasting investment for the community.

Through its prolonged collaboration with North Northamptonshire Borough Council, Proludic has once again demonstrated its commitment to enhancing communities through efficient project management using innovative, durable, and aesthetically appealing play equipment. The Eastfield Park project personifies how when such partnerships work well, they can deliver exceptional play areas that encourages generations to come together, play and create cherished memories. Eastfield Park is a testament to this collaboration!
