

Halliford Park

Playing in A Rainforest

Client: Spelthorne Borough Council
Address: Halliford Road, Shepperton, Sunbury-on-Thames, TW16 6DN
Budget: £50,000
Age Range: 4-10 years

Project Story

Spelthorne Borough Council is responsible for 33 playgrounds across the area. Each of these play areas boasts modern and challenging equipment that is built to excellent safety standards. To maintain these high standards, Spelthorne wanted to refurbish the existing facilities at Halliford Park.

The focal point of the park was the Kanope Multiplay Unit. Encompassing several play activities in the unit, it allows children to climb, slide balance and navigate. The park is heavily themed with the use of locomotive train and frog seesaw. Themed Equipment helps capture children's' imaginations and can also explain the history of the area. The wetpour design has a large green parakeet in it to reflect the number of ring-necked parakeet that have colonised the area since escaping from Shepperton Film Studios some years ago.

After

"The project brief was to build a high-quality play facility that was in keeping with the rest of the park. Proludic were chosen to undertake the project as they offered the best option available."

- Derek James, Parks Manager

Themed Play Equipment

Themed equipment meets children's need to invent stories by imitating their everyday experiences, and with the possibility of doing things differently.

As children grow older, their ability to imagine and engage in fantasy fuels their play experiences and improves interaction with others. They acquire greater ease of communication, making it easier to lean and develop self-confidence.
