

Craven Arms

CLIENT: Shropshire Council
ADDRESS: Newington way, Craven Arms,
Shropshire, SY7 9PS
BUDGET: £59,000
AGE RANGE: Toddler, Junior and Teen

"We are extremely delighted with the finished play area from Proludic. They did a great job on it from start to finish and the community loves it."

Amy Davies, Greenspace Development Officer

THE CHALLENGE:

Shropshire Council wanted to compliment their new MUGA (Multi Use Games Area) and skate park with some toddler, junior and teen facilities. They wanted to include metal equipment for durability but also retain some natural features in the design.

THE SOLUTION:

Proludic were awarded the contract by tender and created three distinct zones for different age ranges and abilities (for toddler through to teen). Although predominately using metal based equipment, we have concentrated on still creating a natural looking theme as requested within the design brief by utilising sunken and raised pits, mounding and natural timber trails and balancing logs.

Installed in 2013 the play area which is situated next to a community centre has been hugely popular.
