

Kinoulton Play Area

Revamping A Dated Play Area

Client: Kinoulton Parish Council

Address: Main Street, Kinoulton, Nottinghamshire, NG1 3EL

Budget: £20,000

Age Range: 4-10 years

Project Story

Kinoulton Parish Council had a budget of £20,000 to spend on refurbishing a dated play area at Kinoulton Primary School. The Parish Council wanted to provide an area that could accommodate school children in the day and other members of the community in the evening. They wanted to install a large multi-play unit that can be used by a number of children at any one time.

Several play companies provided designs for the consultation event in which the children and staff preferred the design Proludic created. We installed a multi-play unit from our Vivarea range which caters for children aged 4-10 years and can accommodate up to 15 users at any one time. The unit consists of 3 large decks, a sloping walkway, curved climbing ladders, a climbing wall and a traditional slide. Since installation in August 2007 the playground has been a huge success. The children were so pleased with the new play area that they wrote numerous letters to the Parish Council stating their pleasure and appreciation of the new equipment.

Before

After

“ The children of Kinoulton are delighted with the new play equipment and it continues to be adored and used to its full potential. ”

- Jon Gladstone, Parish Councillor
