

Meadow Lea In Nairn

Emergency Turnaround

Client: Springfield Properties PLC, Elgin
Address: :swrie Drive, Nairn, IV12 5RS
Budget: £19,000
Age Range: Toddler & Junior

Project Story

Springfield Properties were being put forward for an award, only a few weeks after Proludic's site meeting. With a site inspection for the award Springfield Properties needed a playground to be built within three weeks. We got the call and our initial thought was that this time scale was too short!

Our Contracts and Aftersales Manager came up with a clever plan and had a meeting with all our department Managers. As fate would have it, we had stock in the warehouse which including most of the items specified for this project. These were for a couple of jobs that have been put on hold. With a few small changes to the design we were able to transport the equipment directly to the site in Nairn, much to the delight of Springfield Properties!

After

We were seriously impressed that Proludic were able to effectively dig them out of a hole! The finished play area looks fantastic, and is the first of many we will be working on together in that part of the World.

- Drew McDonald, Site Agent, Meadow Lea

Pod Swing

Origin

Origin Range

The Origin' range reproduces the very essence of what nature has to offer: a forest walk, crossing a stream over stepping stones or an uprooted tree trunk, a playhouse made of fallen branches, an adventure trail that includes climbing, sliding and observing. Children's senses are awakened and stimulated by visual and tactile contact with Robinia wood.
