

# Wellside Wynd Play Area

## First 2019 Sign Off for Proludic in Scotland

Client: Aberdeen City Council

Address: Wellside Wynd, Kingswells, Aberdeen, AB15 8EZ

Budget: £18,000

Age Range: Families

### Project Story

This was a competitive tender created by Aberdeen City Council of more than a dozen existing play areas in the City which had received capital funding for refurbishment and in some cases renewal.

Proludic were awarded the Wellside Wynd project, selecting play equipment for age ranges 2+ and catering for up to 18 children. The Diabolo MPU was selected to provide all of the most classic play types to amuse younger and older children alike.

After

The feedback that I have had personally from the community in Wellside Wynd is that they are delighted with their new playground. This has been a great little project for Proludic to deliver and one that from early feedback will enhance the resident's children's lives for years to come.

- Roy Auld - Proludic Scotland Manager

Diabolo MPU

## Diabolo MPU

Diabolo provides a variety of activities in a compact space, for children aged 2-10 years. It will bring even the smallest areas to life. All the classic types of play equipment are included to engage both younger and older children: slides, fireman's poles, climbing walls, and hiding places are the basic elements in these multi-purpose structures arranged around platforms of 4 different heights.
