

# Chilton Waters

Helping To Deliver Award Winning Developments

Client: Redrow Homes

Address: Straight Drive, Bridgwater, TA5 2BW

Budget: £38,000

Age Range: Families

## Project Story

Redrow's picturesque development at Chilton Waters is made up of their award-winning heritage housing collection. The play area is right at the entrance to the community development. The play area had to sit seamlessly into the development for Redrow to maintain their award-winning standards, this area needed to set the scene for the rest of the development.

Proludic were chosen and delivered equipment that catered for a wide age range of children in the community, from traditional swings and slides to more dynamic items such as the rodeo board which creates a challenge for older children. Proludic predominantly used laminated timber ranges to harmonise the colour pallet of the play equipment with the housing on the development.

We were really excited to work on providing both a LEAP and NEAP for these new Persimmon housing developments. It means children moving to these areas have access to high quality play and sport facilities that encourage physical activity and development and makes the areas more desirable for families.

- Oscar Lorraine , Regional Sales Manager

## Rodeo Board, Double Perch & Swings

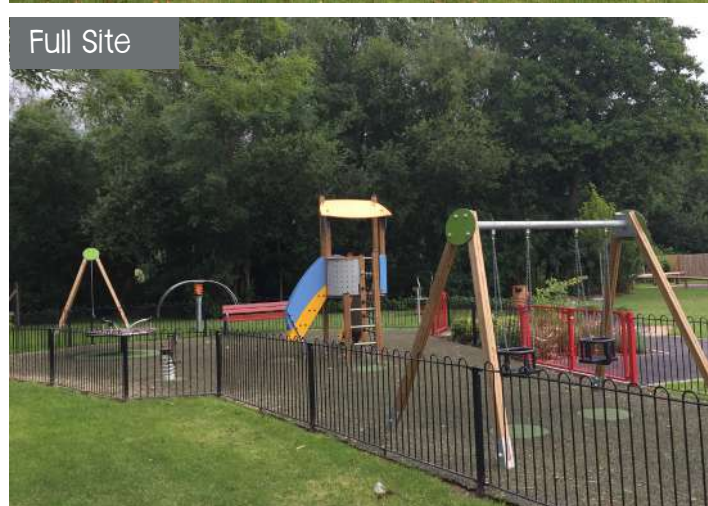

## Vivarea

## Play for Housing - LEAP

An area of open space that included equipment for children who are beginning to experience play independently. LEAP's should be designed to ensure the area can be used for physical activities alongside play equipment.

### Key Features:

- . Its primary function is to engage local children and encourage growth, within a 5-minute walking distance from the child's house - 20 meters minimum separation between activity zone and the boundary of dwellings.
