

Reedswood Park

New Trim Trail For Busy Walsall Park

Client: Walsall Council

Address: Reedswood Park, Walsall, WS2 8XD

Budget: £14,000

Age Range: 14+ Years

Project Story

Reedswood park is a busy Park centred in Walsall, that has a lot of different user groups looking to keep fit in a range of ways. Walsall Council were looking for some challenging and robust, static trim trail equipment to complement their existing outdoor gym equipment.

Proludic delivered an innovative and testing circuit, from our Metal Trim Trail range. This ticked all the right boxes for the client, with the galvanised steel posts offering long-lasting durability that the client was after.

The items chosen allowed for a complete workout and structured in such a way that the different body parts were worked at different times allowing for rest and recovery in-between each station.

After

Before

We chose Proludic as our preferred supplier as they scored highly on all aspects of the brief. The Trim Trail supports Walsall's Health and Well-being priorities and is an excellent facility for people to use and enjoy.
