

Multi-Site Refurbishment

A Five Week Multi-Site Turn-a-round!

Client: Warwick District Council
Address: CV32 7QF, CV34 5RR & CV32 4SR
Budget: £105,000
Age Range: Toddlers & Juniors

Project Story

Proludic were the chosen provider for a multi-site refurbishment within the Warwick District. Breathing fresh life into the current play areas was the first challenge, getting them done before the summer holidays with a 5-week deadline was the other. Fortunately, Proludic were able to deal with these challenges and beyond as the 3 sites were all transformed into exciting, inviting play spaces that were able to be used by happy children of a variety of ages throughout the summer months.

After

Before

Warwick District Council have been delighted with the completed projects in Leamington & Warwick. The equipment quality, problem-free installation and overall service provided by the team at Proludic, from pre-start meeting to post-installation, has been excellent.

The Importance of Investing in Play

Play is a process that is freely chosen, personally directed and intrinsically motivated. That is, children and young people determine and control the content and intent of their play, by following their own instincts, ideas and interests, in their own way and for their own reasons. All children and young people need to play. The impulse to play is innate. Play is biological, psychological and a social necessity and is fundamental to the healthy development and well-being of individuals and communities.
