

Bakers Quarter, Eastleigh

Baking Up a New LEAP!

Client: Taylor Wimpey

Address: Toynbee Road, Eastleigh, Hampshire, SO50 9YU

Budget: £30,000

Age Range: Toddlers, Families

Project Story

Proludic were once again proud to work with Taylor Wimpey Southern Counties office to produce a new LEAP play park for the recently built Bakers Quarter area of Eastleigh, Hampshire. On this particular project we worked in close partnership with the Wimpey Groundworks team to provide a flexible solution enabling the project to come in under budget. The target toddler age range is comfortably catered for in the shape of Proludic's challenging Diabolo Multiplay Unit and all major play values are then covered with our inclusive roundabout, inclusive pod swing, cradle and flat swings and the springer see saw.

After

Proludic have once again delivered an attractive, appealing and durable site within budget and on time - we look forward to working with them again in the future.

LEAP Developments

A LEAP (Local Equipped Area for Play) is an area of open space which includes equipment for children who are beginning to experience play independently. LEAPs are intended to encourage growth of children. They also offer an area that can also be used for physical activities alongside the play equipment.
