

ADDING THE WOW FACTOR TO A VILLAGE PLAY AREA

ELBOURN WAY PLAY AREA

Client:	Bassingbourn-Cum-Kneesworth Parish Council
Address:	Elbourn Way, Royston, Bassingbourn, SG8 5UJ
Budget:	£45,000
Age Range:	Junior
Ranges:	Adventure Themed
Surfacing:	Grass mat

Project Story: Proludic has completed several play installations over the past few years for Bassingbourn cum Kneesworth. The parish was so pleased with the longevity and durability of the equipment and customer service received, that they asked Proludic to quote for a new multiplay unit at Elbourn Way.

As the play area is located in a large green space, the Parish wanted a WOW feature that is also aesthetically pleasing. The treehouse from Proludic's Adventure theme range sits beautifully within the surroundings thanks to its colours of green, brown, and orange, inspired by nature. The giant treehouse is 5.2m high and accommodates over 30 children at one time. This multiplay unit offers a multitude of play values at ground level and sky-high for the most daring!

« Once again Proludic has delivered an excellent piece of play equipment at the beginning of a very difficult time (during the Coronavirus pandemic) Customer service has been fantastic, as always. We look forward to doing business again, soon. »

Sarah Dixon,
Bassingbourn-cum-Kneesworth
Parish Council
