

Forest Front Play Area

Fabulous Forest Front

Client: Hythe and Dibden Parish Council

Address: Holly Close, Southampton, Hampshire, SO45 3PW

Budget: £50,000

Age Range: Toddler & Junior

Project Story

The existing Play Area was in much need of refurbishment to provide children of all ages an exciting and safe environment to play and to become the Hub of the community once again. Hythe and Dibden Parish Council wanted to create a unique and robust play area, catering for toddler and junior age ranges.

Working in Partnership with the Parish Council and the Local Community, we exceeded all expectations by delivering a play area that had a unique nature theme, combining both traditional and innovative play experiences that sit harmoniously with the surrounding environment. Responding directly to the community vision was key to Proludic delivering a highly successful play area, incorporating themed play equipment with ground graphics and a highly robust and low maintenance solution.

After

Before

I wanted to commend you for high the high standard of work on the Forest Front refurbishment project. The parish council noticed and appreciated your attention to detail and relentless determination to release a quality product on time.

- Maureen McLean, Chairman

Themed Equipment

Themed equipment meets children's need to invent stories by imitating their everyday experiences, and with the possibility of doing things differently.

As children grow older, their ability to imagine and engage in fantasy fuels their play experiences and improves interaction with others. They acquire greater ease of communication, making it easier to learn and develop self-confidence.
