

POPULAR PLAY AREA GETS ENGAGING REFURBISHMENT

KENNET WAY PARK

- Client:** Basingstoke & Deane Borough Council
- Address:** Kennet Way, Basingstoke, Hampshire, RG23 7AN
- Budget:** £75,000
- Age Range:** Toddler, Junior
- Ranges:** Diabolo
- Surfacing:** Wetpour, Grassmat

Project Story: The recent refurbishment of Kennet Way was the result of a collaboration between Proludic, Basingstoke & Deane Borough Council and a very active and enthusiastic Friends of Group. Proludic balanced the technical requirements of the Council with the Friends of Group's design aspirations to create a welcoming space for users of all ages and abilities and a final design that reflected the community's needs and preferences.

Proludic strives to create engaging and unique play spaces. Kennet Way play area, for example, includes a bespoke bring-along play ramp, and to acknowledge the Friends Of Group's drive and commitment we also included their logo in the attractive wetpour safety surfacing.

Everything has been installed to the highest specification. With equipment made of high-pressure laminate, galvanised steel, anti-tamper fixings, and pre-cast concrete edges protecting the wetpour, this is a play space that will stand the test of time and provide the local community with a fun and inviting place to meet for many years to come.

“It was great to work so closely with representatives for the local community. We had a clear idea of what they wanted and were able to deliver a design that was tailored to their needs. The opening event was so special – I'd be lying if I said I didn't shed a tear!”

Tim Bird, Proludic Area Manager
