

Kings Chase

Royal Refurbishment for Kings Chase

Client: Test Valley Borough Council

Address: Kings Chase, Andover, SP10 3TH

Budget: £30,000

Age Range: Adults, Families, Inclusive, Junior and Toddler

Project Story

Test Valley Borough Council wanted to refurbish the current play area, at this site to better provide the community with new stimulating items of equipment, that offered creating lots of play value.

The inspiration for our design has been to fully embrace the surrounding environment, creating an exciting new play area that has its own identity. Boasting a multitude of challenging new play equipment and experiences that have completely transformed the existing play area, making it ready to become the hub of the community once again.

Working closely with the community at organised events on site, we were able to embrace all the feedback and deliver a play area that exceeded expectations.

We fully utilised the existing space and layout looking for the most cost-effective solution. This included refurbishment of the existing equipment and surfacing and adding exciting and dynamic equipment.

After

'Both refurbishment schemes were managed, and delivered, efficiently and to a high standard.'

- Simon Cahill, Project Manager - Green Space

Vivarea

Inclusive Roundabout

Vivarea Multi-play Unit

The Vivarea range provides a variety of interesting and stimulating play activities for children aged 3 to 8 years. Vivarea can be used by large numbers of children, providing them with a large number of activities to enhance learning and motor skills.

The Vivarea Multi-play unit was key to create WOW factor and a focal point for the play area.
